Database of additional funding for Non-Scholarship Holder students

Foreword

This database is published on the GeoPlaNet-EMJM website (<https://geoplanet-impj.eu/en/fees-scholarship>) and regularly updated.

It is intended for students who do not receive an Erasmus Mundus scholarship during the period in which the master's programme is being funded by the European Commission, and it is part of the strategy to make the international master's programme sustainable in the post-European funding period. It will enable students to find funding to cover their enrolment fees for the programme and to meet their needs (accommodation, travel, living expenses).
